3rd Dec 94.

Dear Patricia Brusarosco and Angela Vettese,

I'm sorry for not getting back to you sooner but here are two transportation companies in Paris that have been recommended:

CHENUE phone: 40-37-46-62 - Paris
Speak with Carol Legat. 6037 2228

or LA VANCITY phone 45-73-66-00 - Paris.
Speak with Mrs Dufresnes. 66807870 Martine

Also Philip Rizzo is asking another driver for a quote that he will get at the beginning of next week. This person knows the work and has moved it before. Possibly he might drive the work down.

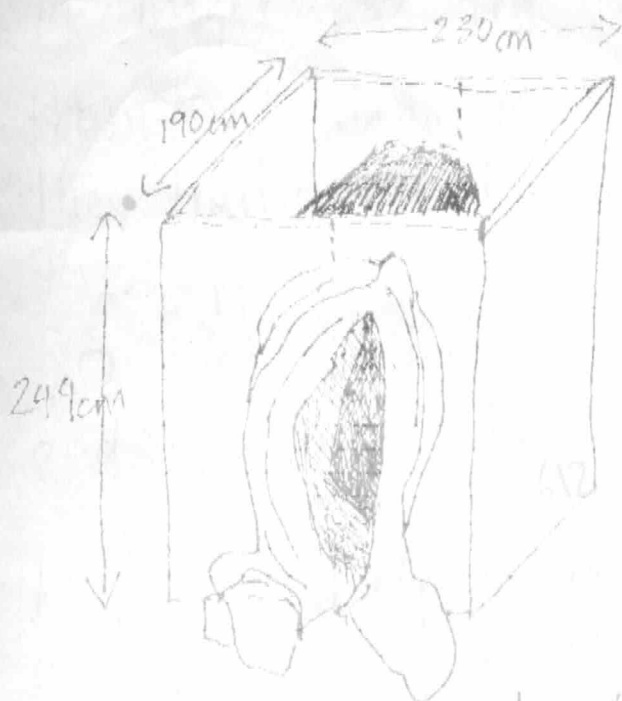

The work to be moved is in two large pieces, uncrated but wrapped. It is constructed in fibre glass so it's quite strong but needs to be handled carefully. It is very light for its size.

The two halves of the grotto are approximately 2.30m high x 1.50m deep x 1.00m wide each.

There is also the material for making the box.

6 pieces of sheet material -- 1.90m x 2.44m is the largest sheet of M.D.F.

Also a cardboard box of joints for the Grotto.

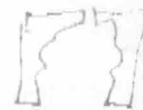

MDF Sheet Material -

2 x 190 x 244

2 x 115 x 244

2 x 115 x 244 shaped.

-> cut for grotto.

two halves
of the grotto

Each half:

230cm high x 150cm deep

x 150cm wide - Approx.

Plus box of paints

20cm x 20cm x 20cm

Tan might also try to contact ~~to contact~~ a London Moving firm.

HEDLEYS HUMBERS

they transported the work to Paris and have a Paris office.

So contact Patrick in London 081-965 8733 and the Paris office 48130102. - Paris. ^{Sonde Alerte} 612 68130708

Hope this helps. Also check with Milan companies in case anyone is doing a Paris ↔ Milan run.

The person who has the work is Philip Rizzo. Gallery Rizzo : tel 47009112 - Paris number. fax 47009111

Speak to him about actual collection dates. When can you accept the work? Could it come now or do we have to wait till January?

Speak to me this week to discuss this.

I would like to tell you that I have an another proposition for the shipment of Tania Kovats' grotto. Mr Gaucher phoned me to give me a price : about 9.000 FF without VAT or about 7.500 FF VAT if he can send it with another things.

It's the most expansive proposition we have for the moment. I'm still waiting for the "Transport Dubois". Maybe they have contacted you ??

Don't forget to tell me if you have taken a date for the carrying.

Thank you.

I spoke with Emmanuel Valras (French correspondent of Gondrand) who told me that with Mr BOSSI (in Italy), they decided to cancel this shipment. There would have been too much change between one van to one another.

So they proposed us to take a van of 5 meters, to put the grotto in it for its shipment to Milano. But it's more expensive than the others proposals : about 11.000 FF. I think the best solution is if your friend could come to Paris and do himself the shipment. Otherwise, we'll have to choose the others proposals.

Even if we aren't at the gallery on Monday, you can send us a fax to tell us if it's possible for your friend on January 7th.

Dear Tania Kovats,
did you received the press release?

About the Grotto transport, I found the best offer by a London company:

SAIMON JONES
tel 71 9243933
fax 71 2231293

The first transport can be done in May, but they have tracks coming often.
They quoted me the price of Pounds 550.
They have all the informations about the dimensions.
Would you contact them and check the periods?
