Georgina Star *The Physiognomist*

Georgina *What?*

Masakatsu (translator) *Er... he said sit down.*

G *Oh, thanks.*

M *What's your date of birth?*

G *Er... 24th January 1968.*

M *January?*

G *Yes January, 1968.*

M *That's January?*

G *Yes January.*

M *What day?*

G *The 24th.*

(The physiognomist consults his chart, he takes her hand and

studies it, then flashes the torch in her face)

M *You're going to have success.*

G *Oh...*

M *Success in your work... but not in your marriage...*

G *Oh dear...*

M *Yes, you are going to have success, but you won't have success in your relationships if you continue to work.*

G *Oh really.*

M *You have to decide.*

G *But why can't I have both?*

M *You have to choose.*

G *Mmm... is that it?*

M *He said you have to ask questions.*

G *Oh questions. I see... er... money... yeah... will I ever have any?*

M *Yes - if you carry on working hard, you will have money in the next couple of years.*

G *Oh great... and, er... this success, is it in what I do now or something new? Should I change my occupation?*

M *You will continue, and work hard, then in the next few years you will earn money.*

G *Oh... and will I get married?*

M *Yes, in about two or three years.*

G *God! And how about children?*

M *Yes, you will have two.*

G *Oh... er... more questions... er... will I marry someone older than me?*

M *Oh yes, he'll be much older.*

G *Wow! Er... how about health?*
(Shines a torch in her face)

He said that you have to
watch out for your liver.

Why?

You drink too much.

No I don't.

Well you just have to be
careful.

God. And er... how
about accidents?

He said be careful of cars.

(Laughs) What about travel?

Yes you'll travel a lot.

But not in a car. Er... what's
the most important part of my

face?

(He shines a torch in her
face again)

M Your eyes.

G Why?

M Because they show
determination.

G Mmm... and er... so what's
the overall message?

M You have to choose between
your career and your
relationships.

G I want both.

M Well you can't, you have to

choose, one will always suffer
if you don't choose. He said he
thinks you should choose
marriage and children.

G Why can't I have both?

M You just can't, you
have to decide.

G But I don't want to.

M Then you'll never have a
good relationship.

G I don't agree.

(The physiognomist starts to
talk very fast)

G What is he saying?

(He continues talking)

G What did he say?

M He said that it is best for you
to choose marriage and a
family. He said that your

children can have both, but you
can't. You have to leave it to

them. It's your children who
will have good careers and
good relationships. They'll have
success and love.

G Mmm... I just don't
understand why I can't
have both.
