date September 9, 2008

Dear Patrizia Brusarosco,

Please find enclosed 8 loan contracts for works by Valentin Carron we are lending for the exhibition „Luisant de sueur et de brillante“.

Please could you confirm by countersigning and returning by fax as soon as possible (they have to be signed before the transport starts!)? As soon as I received it I will send the original copies by post.

There is one loan contract left to prepare. For that I've been waiting for the credit line of the owner. As soon as I know it I will send on this missing contract.

The workdetails in the loan contract L-080903-9 are not complete yet. We've been waiting for the information from the artist. I will hand it in later.

If you have any questions regarding the loan, please feel free to contact me. Regarding the transport please contact my colleague Klaus Bliem (k.bliem@presenhuber.com).

For further questions you might have, do not hesitate to contact me.

Thank you in advanced for the quick return.

Kind regards

Loan Contract L-060903-1 / Valentin Carron / VIAFARINI, Milano / 2008**ANNEX NO 1 OF LOAN AGREEMENT L-060903-1**

In addition to the content of the loan agreement, the following conditions apply and must be heeded in full:

1. Release of works

The loans will only be released for shipping once the signed loan contract has been received and full payment of the insurance premium has been effected.

2. Condition Reports

A condition report will be made at the exhibition site before installation and de-installation. It shall specify all changes that have occurred over the course of the loan period. Should any damage be observed during the loan period, the borrower shall immediately alert the lender, who will decide on the appropriate course of action at his discretion. This might include the withdrawal of the works for the remaining term of the exhibition period, if deemed necessary.

In case of damage, the lender or his representative shall examine the condition of the works. The borrower acknowledges the assessments and appraisals that have been made by countersigning the condition report. The borrower must grant the lender or his representative full access to the displayed works at any time.

3. Packing

The works must be packed appropriately. All costs for crating and packing will be charged to the borrower. After termination of the loan period, the packing shall remain the property of the lender.

4. Transportation

Transportation of the loan to the exhibition site is to be handled by a fine arts shipper specified or approved by the lender. Road transport must be carried out by an air-conditioned truck equipped with air suspension. The works shall not be touched during transportation. Empty crates and other packing material must be safely stored at an appropriate location.

5. Handling, installation and de-installation of the art works

Unpacking and packing as well as storage of the works may only be carried out at the exhibition site. Any handling of the works, such as loading and unloading, unpacking and installation, de-installation and repacking of the works, may only be performed at the exhibition site by specially trained personnel. The borrower recognizes that protection from damage is the lender's uppermost concern and that it is necessary to exercise the greatest care in dealing with the works.

Smoking is strictly forbidden in both the exhibition and storage areas.

Without the written consent of the lender, the loans may not be taken out of their frames, restored or photographed.

6. Protection against third Parties

The borrower guarantees that he is equipped with the most advanced and efficient conservation controls and that he will exercise the best possible protection of the art works.

7. Liability

The borrower is liable for any damage, vandalism or loss of the works that occurs during the loan period.

He is also liable for intentional and negligent acts, even when not directly at fault. The borrower is also liable

for damages that occurred during the loan period but were discovered only after restitution.

12. Governing Law

This agreement shall be construed under and governed by Swiss Law, especially section 305 et seq. of the Swiss Code of Obligation relating to contracts for loan of an object for use. Loan contracts Valentin Carron

Dear Patrizia,

Many thanks for returning by fax the signed contracts so quickly.

Please find enclosed the original copies of loan contracts for the works by Valentin Carron we are lending for the exhibition *LUISANT DE SUEUR ET DE BRILLANTINE*.

Please could you sign and send back one copy of each to me (the other copies are for your records)?

As soon as I've received the insurance certificate I will forward it to you. All works are insured for the whole loan period (Sep. 11 – Nov. 24, 2008).

Furthermore I enclosed 3 instruction sheets with 3 steps for setting up the big columnes. Please handle all works very careful.

Regarding return transport arrangements, please coordinate all shipping with my colleague Klaus Bliem, k.bliem@presenhuber.com, Tel. +41 43 444 70 57. Please pack all works in the same way you have received them from us.

Moreover I attached 2 english catalogue books about V.Carron you had asked for.

For any further questions, please feel free to contact me.

I wish you a successful installation and opening!

Best wishes,

Galerie Eva Presenhuber

Ramona Brückner.
