Dear Patrizia & Monica,

Happy New Year!

Sorry it has taken a while to mail these to you. I have been quite distracted over the last month, with much work and family commitments — So, here are 30 catalogues. Unfortunately the supply is very low. We were required to do a large mail out in Melbourne + around Australia to satisfy our sponsors. So this left us very few remaining. I have mailed Roberto some additional copies and CareOf still have copies for the archive.

Also, can you keep an eye out for any further press — I think Kult magazine was printing something? O.K — speak to you over the email, stay in touch

By the way - did you know that Milan + Melbourne are now officially 'Sister cities'. The city of Melbourne will have a website - they may have cultural programs you could explore?
